## TIBI TIBI NEUSPIEL

b. 1979, Ottawa, CA. Lives Toronto, CA.

Tibi Tibi Neuspiel works in a diverse range of media including sculpture, performance, digital imaging and video. Best known for his deft use of pigmented wax as medium for his wryly humorous sculptures, he mines the banal for the prophetic and haunting. Neuspiel references both tangible understandings of the natural world, and elements

culled from popular culture chosen for, or repurposed to present, subtly sinister qualities.
